

# MAMMOTH CAVE NATIONAL PARK

I EXPLORED MAMMOTH CAVE NATIONAL PARK

Martin Gresa

Name

I explored Mammoth Cave National Park, the world's longest known cave system, with more than 400 miles explored. Mammoth Cave is a part of the Green River valley and hilly country of south central Kentucky. Early guide Stephen Bishop called the cave a "grand, gloomy and peculiar place," but its vast chambers and complex labyrinths have earned its name - Mammoth.
